ATTRACTING ACTIVE BUYERS

EUR 120,000

"We signed deals at WDF 2018 with a Dubai based aluminum fabrication company, GIJI BLDG Metalic Const. We sold two CNC axis and double hit cutting machines for over EUR 120,000 (approx. AED 520,000). So it's been a great show!"

Ahmad Al Joulani

Area Manager at Pertici Industries

USD 1 Million

"After last year's show, over USD 1 million contracts were signed as a direct result of our participation at WDF. This year, we are very proud to be back again at the event, as founding partners and Titanium sponsors. I hope to meet those who could not attend this year's edition at Windows Doors & Facades Event in 2019!"

Ammar H. Alul

General Manager for Schüco in the Middle East

3 New Contracts

"We participate in WDF since 2016, and this one is the best edition of the show. In the first two days only, we've signed new contracts for three residential projects on the Palm Jumeira. It's a great show, and the feedback we received was extremely positive!"

Norma Milesi

Export Manager of Carminati Serramenti

CERTIFIED EDUCATIONAL SESSIONS TO DRIVE MORE VISITORS

MIDDLE EAST FACADES SUMMIT

Under the theme "Future forward: Revolutionizing the next Generation Facades", the high-level summit unveiled the technological advancement at the core of the industry's transformation. Andy Dean, Head of Facades at WPS, Armin Buchbinder, Head of Design at BSBG, and Douglas Sum, Associate – Facades Services Group Leader at Aurecon were only some of the extraordinary speakers at the summit.

FACADES SEMINAR SERIES

Dedicated to architects, consultants, contractors and engineers, the sessions addressed hot industry topics, spanning from facades' sustainability and energy efficiency to fire safety, BIM, technological innovation and smart design, among others.

INTRODUCING THE ARCHITECTS CLUB

Taking our exhibitor feedback into consideration, we launched an exclusive Architects' Club. Members include Dubai's top-level architects, directly involved in decision making for leading consultancy firms, architectural & design companies, master developers and contractors.

With a community that includes the who's who of Dubai's key architects, this exclusive club brought together 400+ architects at Windows Doors & Facades Event 2018.
