

The largest construction event in Saudi Arabia

18 – 21 January 2026

Riyadh Front Exhibition & Conference Center located at ROSHN Front

Co-located with:

Organized by **dmg** events

Network. Build. XL.

Empowering the construction industry in Saudi Arabia

The construction sector continues to be a core driver of Saudi Arabia's economic transformation and Big 5 Construct Saudi plays a vital role in supporting progress toward the Kingdom's Vision 2030 goals.

The 2025 edition was a record-breaking year. Spanning across two-weeks, the event doubled in size and set new benchmarks for both visitor attendance and exhibitor participation. Designed to meet rising market demand and the need for sector-specific focus, the event spanned every phase of the project life cycle.

Now firmly established as Saudi Arabia's largest and most comprehensive construction event, Big 5 Construct Saudi is a powerful business and networking platform, having enabled over \$2.13 billion* in business engagements between exhibitors and buyers in 2025.

By spotlighting innovation, sustainable solutions and the latest in construction technology, the event continues to connect leading local and international brands with key decision-makers, shaping the future of construction across the Kingdom.

In 2026, Big 5 Construct Saudi is evolving. While the 2025 edition was held as a single event split across two weeks, we're now moving to two standalone editions – one in January and one in May. This new format allows us to better serve the fast-moving Saudi construction market, offering more focused opportunities to connect, showcase products and do business.

*based on event survey results \$2.13bn is expected to be generated

Building connections, opportunities and knowledge across the two-week edition in 2025

\$2.13bn

Real stories. Real impact.

Attending Big 5 Construct Saudi was an exceptional experience that significantly impacted my professional perspective and our ongoing projects. I found the event to be an invaluable platform for networking, knowledge sharing and exploring innovations shaping the future of construction.

Asifuddin Akhtar
Saudi Consulting Services
Visitor

I had the the privilege of speaking at various conferences, but my experience at the Big 5 Construct Saudi was truly exceptional. I wholeheartedly recommend this expo and conference to anyone looking to share their knowledge, learn from others and engage with the latest advancements in the construction industry.

Ghaith Bakir
