The 8th edition of agrofood & plastprintpack Nigeria the best ever.

Exhibitors and trade visitors, panelists and conference participants all agree: the 2023 edition of agrofood & plastprintpack Nigeria was a complete success, perhaps it's even been the best ever.

Spearheaded by the Honorable Otunba Adeniyi Adebayo, Federal Minister of Industry, Trade and Investment, the Honorable Commissioner of Lagos State Ministry of Agriculture, Ruth Abisola Olusanya, and attended by numerous dignitaries from Nigeria and Europe, the exhibition & conference took a very successful course.

And this is what all participants will remember:

- An incredible level of interest from VIPs and decision-makers, from both government and business
- Thousands of targeted business talks
- Key takeaways from the 19 sessions with 74 speakers
- Great networking
